

WSU Assessment Update

Annual Assessment Reports

April 2018

Annual reports for undergraduate assessment should be **submitted and approved in Qualtrics on or before June 1**. These reports are designed to collect a representative sample of assessment activities being carried out in each of WSU's undergraduate programs, to provide a college- and university-level snapshot of undergraduate assessment activities.

With the understanding that there is no "one size fits all" method of assessment for all programs, ATL provides sample entries on the [Writing your Annual Program Assessment Report webpage](#).

If you would like to discuss your draft report before submitting in Qualtrics, ATL Assessment Specialists are happy to meet with you.
