As You Update Your Assessment Plan, Consider these Resources

Good assessment follows an intentional and reflective process of design, starting with an assessment plan. Careful planning can help optimize faculty time and energy, and provide a way to clarify roles for faculty, students, and program leadership.

ATL's **Assessment Plan Toolkit** includes resources such as:

- What to Include in an Assessment Plan
- Assessment Plan Templates, Models, and Examples
- A “No Frills” Approach to Planning Assessment of Student Learning
- Program Assessment Planning and Tracking Spreadsheet Template
- Guide for Program-level Assessment for Chairs and Assessment Coordinators
- How to Assess Anything without Killing Yourself (Really!)

As you create or update your assessment plan, ATL's Assessment Specialists are available to help answer questions or provide feedback.
